

How
participatory
are you?

Your Mission:

Self evaluate the health of
your platform and
participatory processes.

Let's get started

Choose your own adventure

Pick a character

"I'm a resident ready to participate"

— Best Resident Ever

"Wow, this is happening in my neighborhood?!"

— Interested Public Administrator

"I'm looking for cases involving participation and inclusion, know any?"

— Overwhelmed academic

"How transparent and participatory are the processes?"

— Participation Geeks

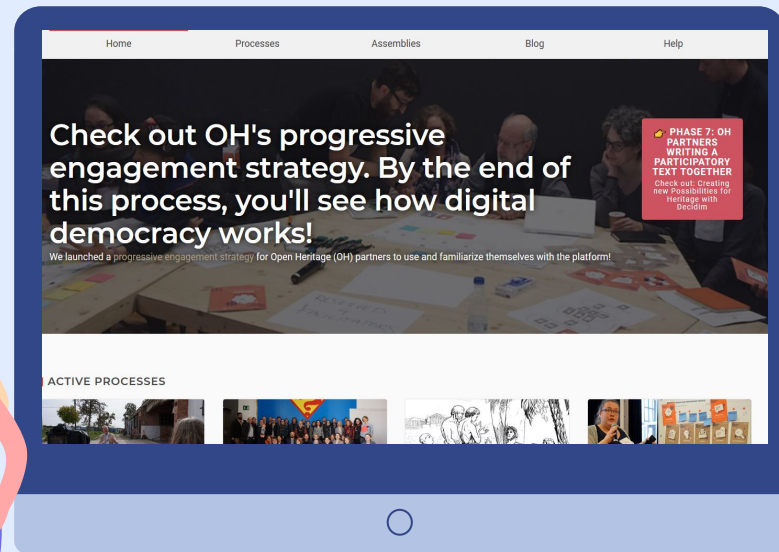

'It has a website?!'

Can I read the about section and know the basic info?

Are the meetings and events up to date and online?

What are the milestones from the project that I can see on the platform?

Umm if I still have questions is there contact information available online?

—Best Resident Ever

Survey results!

Do you have stakeholders and actors registered on your page?

Are your decisions are decision making processes on your platform?

Have you used components to create accessible digital decision making spaces?

What can be done to make your platform more true to your lab? Have you communicated this to Nivan?

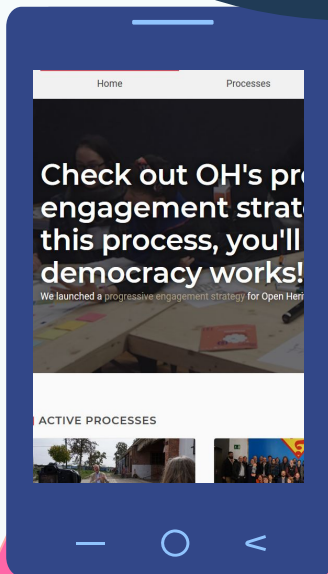

Is there any function or is unclear?

What has been your biggest challenge?

**Participation
Geeks**

I'm a helpful public administrator on the go, what can I check out online?

— Interested Public Administrator

Wow! how can we learn from or support your project?

What community actors, organizations, and spaces have you worked with in the past year? Can I see it online?

How do you see the participatory potential for your platform?

Check out this digital archive of participation!

—Overwhelmed
academic

What events, working groups, community oriented organizing, have you done this past year to engage residents and communities in your locality?

Any milestones you are proud of? What has been your biggest success?

How much of your process and participatory praxis can I see online?

Let's check your health. How participatory have you been?

For every question pertaining to an output and that you have completed on your digital platform give yourself a piece of the flower. Starting from the stem.

So with the resident's questions let's talk about **empowerment, access and inclusion**

Can I read the about section and know the basic info?

If the answer to the questions is yes please draw

Let's check your health. How participatory have you been?

So with the resident's
questions let's talk about
**empowerment, access and
inclusion**

Can I read the about section and
know the basic info?

Your first leaf! Having
meeting online is so
important for **access**

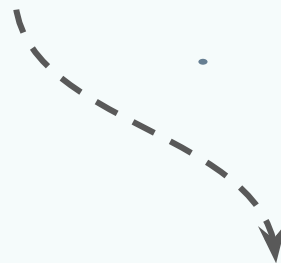

**Are the meetings and
events up to date and
online?**

Let's check your health. How participatory have you been?

So with the resident's
questions let's talk about
**empowerment, access and
inclusion**

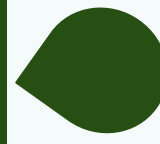

So important as a
resources for
participants to be
included to in your
progress

**Can I see the milestones
from the project on the
platform?**

Can I read the about section and
know the basic info?

Are the meetings and
events up to date and
online?

Let's check your health. How participatory have you been?

So with the resident's
questions let's talk about
**empowerment, access and
inclusion**

if I still have questions is there contact
information available online?

Can I see the milestones
from the project on the
platform?

Can I read the about section and

Are the meetings and
events up to date and
online?

Let's check your health. How participatory have you been?

But with Nivan let's address
Governance and **Reuse**

Helps make accountable
governance and
reproducible processes in
the **reuse** of your heritage
site

Empowerment
Access and
Inclusion

Are your decisions and decision making
processes on your platform?

if I still have questions is there contact
information available online?

Can I read the about section and know
the basic info?

Do you have stakeholders and
actors registered on your page?

Can I see the milestones from
the project on the platform?

Are the meetings and
events up to date and
online?

Let's check your health. How participatory have you been?

Definitely important in terms of the ways you make your space accessible to others and **empower** them to participate

Empowerment
Access and
Inclusion

Have you used components to create accessible digital decision making spaces?

Are your decisions are decision making processes on your platform?

if I still have questions is there contact information available online?

Can I read the about section and know the basic info?

Do you have stakeholders and actors registered on your page?

Can I see the milestones from the project on the platform?

Are the meetings and events up to date and online?

But with Nivan let's address
Governance and **Reuse**

Let's check your health. How participatory have you been?

But with Nivan let's address
Governance and **Reuse**

Making tweaks to your platform is important in the sustainability of its **governance** and learning about **reuse**
